Flower2Flower · Phase 1 · Full flow, all users

Solid box = screen · dashed = alternate / side path · IDs match the artboards

Key hand-offs: Operator deposit (O07) writes to the immutable points ledger (D08) and to a processing batch (A06) · Batch output weight (A07) updates sellable stock · Stock feeds the catalogue (D10) · Orders (D14) are fulfilled from A09 · Admin KYC approval (A02) unlocks redemption (D09) · Rejection-threshold and anomaly flags (O07, A05) are reviewed by Admin.
